Gondangrejo, Karanganyar, Central Java

A Telkom University Purwokerto graduate in Informatics Engineering (GPA 3.73) with experience as a Junior Developer, working on frontend, backend, and full-stack development. Proficient in JavaScript, PHP, React, Laravel, and API integration, I have built and maintained scalable web applications while ensuring clean, efficient, and well-documented code. I have also participated in web development competitions. Passionate about software development, system optimization, and continuous learning, I am eager to contribute to a dynamic team and grow as a developer.

EDUCATION

Telkom University Purwokerto - *Purwokerto, Central Java*   Sep 2021 – Feb 2025

Bachelor of Informatics Engineering – GPA 3.73/4.00

- Relevant course: Programming Algorithm, Data Structure and Algorithm, Functional Programming, Database, Object-Oriented Programming, Design and Analysis Algorithm, Software Engineering, Software Project, Web Programming, and Mobile Programming
- Participated in web development competitions, showcasing strong analytical skills and the ability to build web apps.
- Final Project: Developed a fullstack microsite components management detikcom website with Laravel, TailwindCSS and MySQL.

EXPERIENCE

PT Trans Digital Media x MSIB Kampus Merdeka – *Mampang Prapatan, South Jakarta*   Feb 2024 – June 2024

Frontend Designer Intern

- Develop various web projects at detikcom, including microsites, widgets, landing pages, and channel boxes.
- Collaborate with UI/UX teams in the design process using Figma, understanding design principles and team workflows.
- Collaborate with backend team in integrating API and optimizing static asset delivery using CDN for improved performance and scalability.
- Convert designs from Figma to HTML, CSS (SCSS/Bootstrap), and JavaScript for optimal and responsive display.
- Develop reusable code components to improve efficiency and consistency in future frontend development.

Din Management – *Karanganyar, Central Java*   Sep – Dec 2023

Web Developer Intern

- Develop interfaces and improve user experience within the SIMPLY Property platform using React and TailwindCSS.
- Create responsive and user-friendly UI on various devices with TailwindCSS.
- Apply UX principles and responsive design to improve user interaction.
- Optimize web performance and ensure SEO-friendly and compatible across devices.
- Perform code review to ensure optimal frontend quality and performance.

VOLUNTEER

Todays (Telkom Orientation Days) committee – *Purwokerto, Central Java*   Aug 2023 – Sep 2023

Logistic Division

- Develop organizational skills in equipment management and event coordination.
- Improve communication and problem-solving skills in a dynamic work environment.

ACHIEVEMENT

- **1st Place FESTIDA Web Development 2024** – *Universitas Darussalam Gontor*
- **3rd Place INVFESTXISF Web Programming 2024** – *Universitas Telkom Purwokerto*
- **2nd Place ICC Web Front-end Competition 2023** – *Universitas Muhammadiyah Purwokerto*
- **Top 10 Landing Page Competition 2023** – *Universitas Muhammadiyah Surakarta*

CERTIFICATION

Junior Web Development – *BNSP (Badan Nasional Sertifikasi Profesi)*   Dec 2024 – Dec 2027

SKILLS

- **Backend Framework:** Laravel
- **Frontend Framework:** React, TailwindCSS, Bootsrap
- **Database Management:** MySQL, MongoDB
- **Web Development:** HTML, CSS (SCSS), JavaScript, PHP
- **Version Control:** GitHub, GitLab
- **Language:** Indonesia, English (TOEIC 685)
- **Relevant Skills:** Programming language (JS, PHP), Framework (React, Laravel), Database (MySQL, MongoDB), API integration, Problem solving, Good communication, Eager to learn
